

HOW WE CAN HELP YOUR FLEET

CONTINUOUS MONITORING

- Proactive vehicle breakdown detection
- Continuous tyre pressure, temperature & tread depth tracking
- 24/7 monitoring & service activation
- Vehicle location & mileage tracking

WORRY-FREE SERVICE

- Vehicle breakdown intervention (in-depot/mobile & roadside)
- Tyre inflation maintenance (at manufacturer recommended pressure)
- All tyre service (repair, mounting, balancing, inspections & swaps)
- Recycling and disposal of tyres & hardware

REDUCED COST OF OWNERSHIP

- Improve fuel economy via consistent inflation and premium tyres
- Reduce maintenance cost with fewer vehicle breakdowns and proactive routine service
- Decrease tyre spend by extending useful life of tyres
- Eliminate tyre inventory and holding costs with 'pay-per-mile' subscription model

ENHANCED FLEET MANAGEMENT

- Simplified operations for fleet managers
- Reduced vehicle downtime for drivers and fleet
- Higher on-time delivery rates and reduced late penalties
- Increased driver safety with proactive tyre management
